## Materiality of Kuraray Group

As social requirements towards corporate activities become more diversified, the Kuraray Group has been identifying materiality (priority issues) to clarify initiatives with high priorities in accordance with the sustainability guidelines which are considered as the international standard.

### Materiality Map of Kuraray Group

#### Material Items (18 items)

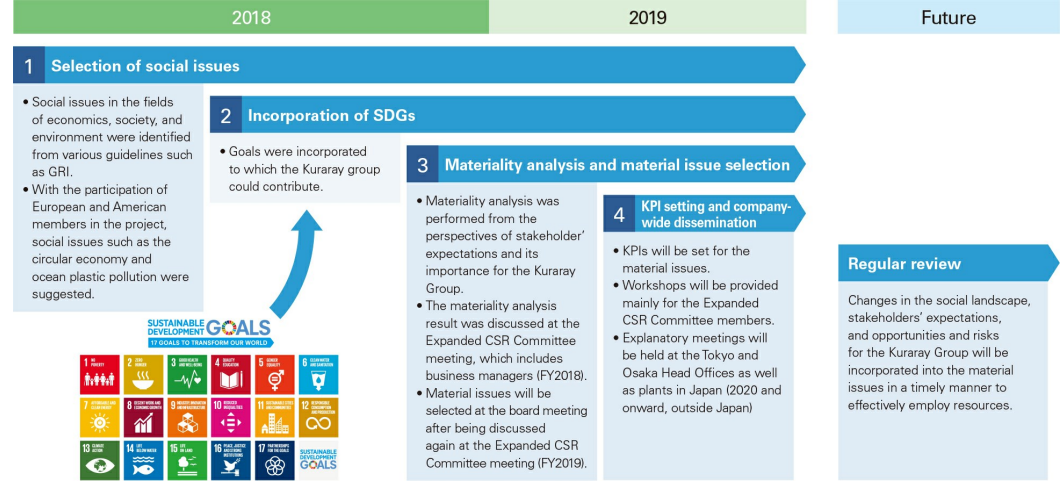

Economy	Economic performance
Environment	Raw materials/energy/water sources in region/ emissions/effluents and waste/products and services/overall environment
Labor Practices	Employment/occupational health and safety/ training and education/diversity and equal opportunity
Society	Local community
Product Responsibility	Product and service labeling/customer health and safety/process safety and disaster/prevention/ safety in logistics/chemical and product safety

Each identified materiality item is reflected in the Sustainability Activity Target and managed so that results are achieved.

## Review of Kuraray Group's Materiality

The range of the Kuraray Group's material issues is currently under review. It will include some of the Sustainable Development Goals (SDGs), adopted at the United Nations Summit in September 2015, that we can contribute to, and will be finalized by the end of FY2019.

In addition, we will review it regularly.
